Kidderminster-based solar energy installer Eco2Solar has been nominated as a finalist in three separate categories of the 2013 Midlands Business Awards.

Despite the recent policy changes that have plagued the industry, Eco2Solar is one of six contenders for the Midlands Service Provider of the Year award. The company's Managing Director, Paul Hutchens, is aiming to make it a double award as one of six finalists in the Midlands Entrepreneur of the Year and the Midlands Business Person of the Year categories of the awards.

Hutchens said: "I am delighted to be a finalist in the Midlands Business Awards and to be shortlisted for three awards is a real boost. It is a fitting recognition of the hard work put in by the whole team at Eco2Solar."

Harj Sandher, Managing Director of UK Special Events, the business behind the awards, said: "Our independent panel of judges has had its work cut out in shortlisting the finalists; the choice of enterprises they have selected shows how diverse the awards are in seeking out the best talent from around the region."
